SKILLS

Programming: Java, PHP, JavaScript

Frontend Development: HTML5, CSS3, Bootstrap

Backend Development: Spring Boot, RESTful APIs, MVC Architecture

Frameworks: Spring, Hibernate

Database: MySQL

Tools: Eclipse, VS Code, GitHub

PROJECTS

Online Food Ordering System

April 2026

Java, MySQL

- Developed backend using Spring Boot MVC architecture to manage users, menus, and orders.
- Implemented CRUD operations using Spring Data JPA with MySQL database.
- Followed layered architecture (Controller, Service, Repository) for clean and maintainable code.

Smart Hotel Management System

Feb 2025 – May 2025

HTML, CSS, JavaScript, Bootstrap, PHP, MySQL

- Built a full-stack hotel management system using PHP, MySQL, HTML, CSS, Bootstrap, and JavaScript.
- Built booking and service modules with secure authentication, optimized PHP backend, and efficient MySQL queries.
- Improved backend structure using PHP sessions, form validation, and optimized MySQL queries.

INTERNSHIP

Java Full Stack Web Development Intern

Oct 2025 – Apr 2026

Tap Academy

Bengaluru, Karnataka

- Developed backend logic in Java using OOP principles and designed MySQL database with CRUD operations.
- Built dynamic web modules using JSP and Servlets, integrating frontend with backend services.
- Developed REST APIs using Spring Boot and ensured reliable application behavior with exception handling and validation.

PHP Web Application With MySQL Intern

Feb 2025 – May 2025

Abeyaantrix Engineering Solutions

Shivamogga, Karnataka

- Worked on PHP and MySQL-based Smart Hotel Management System.
- Developed backend modules for room management and booking workflows.
- Implemented session handling, form validation, and secure access control.

CERTIFICATIONS

Java Full Stack Web Development

PHP Web Development with MySQL

EDUCATION

Sahyadri Science College

2022 – 2025

Bachelor of Computer Applications (BCA), Percentage: 79.93%

Shivamogga, Karnataka
